Physical Condition

Deni's physical condition has been good. His weight is 42kg and he is 135cm high. His appetite is good and he eats regularly and often adds to his portion.

Deni has been able to maintain the cleanliness of his body well because he took shower regularly without being directed by the counsellor.

To maintain his physical health, he exercises regularly such as swimming and jogging. On 14th of September, Deni got vaccinated for hepatitis B. On 23rd of September, Deni had to take anthelmintic drugs to destroy parasitic worms. This program is held routinely once a year to all the children in the foundation.

Mental Condition

Deni is a polite boy and has been able to control his emotions well when doing his activities. He has been able to respect his friends. He said that he is happy to stay in the foundation because here he has many friends. He is also a diligent boy and often helps the counselor, so he got a present for good behavior.

Social Interaction

Deni is close to his friends in the foundation because he easily gets along with others. He also often shares his snacks with his friends. He often helps the counsellor to direct his younger friends in the mosque and when taking shower. He also often plays soccer with the volunteers who stay in the foundation.

On 6th of September, Deni went on a recreational trip to Kuta beach, Lombok with all of his friends, the counsellors and the founder of the foundation. He enjoyed his activities on the beach such as playing and swimming with his friends.

Educational Development

During the past three months he studies in shelter when he has tasks or homework from his teacher.

According to his teacher, Deni still finds Mathematics difficult especially the multiplication because he has not memorized all the multiplications from 1 to a 10 yet.

For after school activities, Deni joins the Traditional music class where he learns to play one of Lombok's Traditional music instruments.

Family

In July, Deni went home for ten days to celebrate the Eid Mubarak with his family.

While in the foundation, his family often visits him and brings some snacks for him. This makes him very happy.
