### Physical Condition

Reza sometimes has nosebleed in the past three months especially in the afternoon. The counselor does not allow him to play under the sun in the afternoon and ask him to rather take a nap. This is not easy for him because he is a very active boy.

His appetite has been good and he always finishes his food, he is also never picky about food. His weight is 20 kg and he is 100 cm tall.

Reza is a small child and he cannot maintain his cleanliness well yet, thus the counselor always reminds him to take a shower.

On September 23, He also had anthelmintic drugs to destroy parasitic worms. This program is held routinely once a year to all the children in the foundation. Reza got the first vaccination for hepatitis B in August.

### Mental Condition

Reza is a cheerful little kid and he is a little bit spoiled by the counselor. He quickly cries when his friends are teasing him or taking away his toys. He is a diligent kid but still needs to be reminded to do his daily chores in the shelter.

### Social Interaction

Reza's social interaction is good. He is a funny kid who smiles a lot so people like him. At school, he always listens to his teachers and follows the rules.

On September 6, Reza went on a recreational trip to Kuta with all of his friends and the counselor. He enjoyed his time playing and swimming at the beach with his friends.

He also enjoyed his school holiday by joining the games held by volunteers and he was really enthusiastic about it.

### **Educational Development**

Reza's educational development shows a good promise. He attends Primary School in July and is showing progress. He is learning the alphabets and numbers. He needs extra attention in Math. After school, Reza takes remedial class for reading. In the evening, he also studies with the counselor.

### **Family**

Reza didn't have a visit from his family during the past three months. He spent his holiday of 10 days at home and celebrating the Eid Mubarak together with his family. He was happy about it.
