Physical Condition

Syarifah got stomachache and headache a few times during this time period, so she immediately took medicine and rested. Her weight is 35kg and her height is 153cm. Her appetite has increased because she wants to increase her weight, but her weight is still the same as in previous months. She can maintain her own cleanliness well, and she washed her own clothes.

Mental Condition

Syarifah often feels exhausted from too many activities at school. Her mood usually gets better in the evenings after a short nap.

Social Interaction

Syarifah's social interaction is good with her friends at the boarding house. She gets along easily with everyone and especially the new people in her boarding house. She is also cheerful, friendly, and likes joking, so the people in the boarding house like her.

She often spends time by studying with her friends there, or they just vent their feelings together so they're getting close with each other.

Family

Syarifah's relationship with her family is good. Her family often comes to visit her at the boarding house where she stays. She also went home on school holidays and spent the Eid Mubarak with her extended family. At home, Syarifah often helps her mother out on the rice fields or cooks for everyone. She said she likes helping her mother.

Educational Development

Syarifah's educational development is good during the past three months. She has a good motivation to study because she prepared herself for the National Exam. She got good grades in the exam. She gets difficulty in Mathematics, so before the National exam she joins Math extra class to improve her understanding. Besides that, she also joins other extra classes such as Computer class for Accounting and English class. She did not participate in extracurricular activity anymore because she wanted to focus on the National Exam. Syarifah graduated from Senior high school in May and will continue her education to university.

Additional Information

She really wants to continue her studies to University. She will be the first child from Peduli Anak to go to university.
