### Physical Condition

Tina's physical condition was good and healthy for the last three months. Her appetite was good and she ate in enough portions everyday. Tina's weight is 32kg and her height is 140cm. she was able to maintain the cleanliness of her body by diligently brushing her teeth and washing her clothes.

### Mental Condition

Tina's mental condition was good for the past three months. She was able to control her emotion well when playing with her friends or running out her daily chores. Generally, Tina is a cheerful girl and is usually in a good mood. She is a funny girl who often makes her friends laugh.

### Social Interaction

Tina's social interaction was good for the past three months and she never had problems with her friends and staff in the foundation. She often spent time with her friend, Atun. Tina also never hesitated to talk with volunteers and they had a good communication.

Tina also diligently helped the counselor in shelter to wake her smaller friends up in the morning.

### Educational Development

Tina shows good achievement at school. She got 6<sup>th</sup> ranked in her class in this semester's exam and received her report card. She will enter the 9<sup>th</sup> grade next semester. Her motivation is good at school. She joins scouts as her extracurricular activity and she likes this activity because she said she has learned a lot from it. Tina likes Social studies because it is easy to understand, while her least favorite subject is Arabic.

### Family

Tina never got a visit from her family during the past three months. But she spent the Ied Mubarak and school holiday with her family for a week. She was very happy about it.
