Mentor's Remarks:

In this semester of grade 12, Sapiudin's motivation in learning is still good and he diligently studies at school. He passed the first semester exam and received his report card, he even got 2nd ranked in his class.

Sapiudin's educational development is excellent and he is able to do a lot of practice in machinery. However, he still gets confused with Electricity, because it is complicated especially regarding the wheels of vehicles.

On the 23th of December, Sapiudin did an online test in order to prepare himself for the National Exams in March. He will do the second test in February 2016.

Sapiudin is not active anymore in Scout activities, because as a grade 12 student, he must be focused on his learning at school and prepare himself for the National exams. While at the foundation, Sapiudin joins the music class and he plays as a bassist and sometimes the drums.

Sapiudin has a good interaction with his friends at school and his friends often came to the foundation. He has no problems at school because he is polite and nice to everyone.
