Physical Condition

Supriadi or Cupi's physical condition has been good for the last three months. His appetite is good and he eats enough every day, sometimes he would add his portion especially when there is his favourite food, fried chicken. He is not picky about his food.

For his physical health and hygiene, Cupi still needs to be reminded to take a shower and brush his teeth. He actively does sports like playing soccer and jogging every day.

On 23rd of September, Cupi took anthelmintic drugs to destroy parasitic worms. This program is held annually to all the children in the foundation.

Mental Condition

Cupi's mood is usually stable. He's not easily confronted and prefers to stay away from trouble. He is always polite and nice towards other people in the foundation. But he often delays his activities in the shelter and often gets reprimanded by the counselor.

Social Interaction

Cupi communicates and interacts well with people in the foundation. He often asks his friends to play soccer and kites. He also often helps out the counsellor in cleaning the shelter and yard of the foundation. At school, he has good interaction with his friends and teachers. He often asks help from his friends when he has difficulties in learning.

On 6th of September, Cupi went on a recreational trip to Kuta beach Lombok with all of his friends, counsellors and the founder of the foundation. He enjoyed the activities on the beach such as playing and swimming with his friends.

Educational Development

Cupi's educational development has been good and he has a high motivation. When he has had difficulties in learning, he has asked his friends but not the counsellor because he said he is shy. According to his teacher, Cupi needs extra attention and help in Mathematics.

Family

In July, Cupi went home for ten days to celebrate Eid Mubarak and he went to Narmada Park with his family.

In August and September, he did not get a visit from his family but he always communicated with them through the phone.
