

Peduli Anak Foundation
Counselor's Quarterly Report

| | |
|----------------------------------|--------------------------|
| Name | Martini Fatmasari |
| Place & Date of Birth | Jelitong, 6 January 2004 |
| Mentor | Nur'Aini |
| Evaluation Time | October - December 2015 |
| Class | 4 Primary School |
| Child ID | PA- A0130 |

Physical Condition

Martini's physical condition is good and healthy. Her weight is 42kg and she is 157 cm high. She eats in enough portions every day and she is never picky about her food because she always finishes it. Martini always looks clean and neat because she cares about her appearance. She diligently takes shower two times a day.

On 3rd October, Martini has a dental check up from the Dutch dentists and she has her teeth patched. While on 15th October, she got the second hepatitis vaccine injection.

Mental Condition

Martini's mental condition is getting better each day at Peduli Anak. She has already adjusted well at the foundation and she played cheerfully with her friends. She is able to control her emotion well. She always listens to the counselors and obeys the rules at the foundation. In running out her activities, Martini diligently does her daily chores.

Social Interaction

Martini's social interaction has been good and she adjusts well with all the people in Peduli Anak. She diligently helped the staff, such as helping in the kitchen. She also joined the Girl's club with volunteers, she likes this activity because they teach her about social skills and girls stuff.

On 25 November, she joined Fun Days competition in Fun days at school and celebrated the National Teacher's day. On 29th November, Martini had a recreational trip to Selong Belanak beach in Central Lombok with all of her friends and counsellors. She enjoyed her holiday by playing and swimming at the beach.

Educational Development

Martini has a good learning motivation at school. She diligently does her assignment and homework given by her teacher. According to her teacher, she still has problem in learning Math, therefore she joins extra class twice a week at school.

In December, she passed the semester exam and got good scores except in Math. She has never made problems at school.

At the foundation, she joined the art class once a week and she is good in making bracelet and other accessories.

Family

During the past three months, Martini has never got a visit from her family at the foundation.

Additional Information

During the school holiday, Martini spent a few days with a foster family who runs a beauty salon business on Lombok. She likes spending time at their salon where she got beauty treatment and learned some new things too.
