Physical Condition

Ari's health doesn't change much as previous period. He is growing well. Ari is a healthy eater and he likes sports, especially football. He also gets enough rest. After Ari is told about the importance of taking care of himself, he takes better care of his body and takes showers everyday.

Mental Condition

Ari looks more relaxed and happy. He is generally in good mood.

Social Interaction

Ari interacts with his friends without a problem. His interaction with the counselor and staff is also good. He is always willing to help if someone asks for it.

Educational Development

Ari is very motivated at school. He is enthusiastic after his final exam and the results are very good. Now Ari goes to Senior High School. He really likes to learn English. He is not fluent yet, but he is motivated to learn. He follows classes every Monday and Thursday afternoon at the foundation. There is one thing that he doesn't really like at school and that is Math because it's difficult for him to understand.

Family

Ari's contact with his family is fine. His mother often comes to the Foundation.

Additional Information

After graduating Junior High School, Ari comes back to live with his family and only receives support in education.
