Physical Condition

Ervan's physical condition is good. He diligently started to maintain his health and the cleanliness of his body by taking shower and brushing his teeth regularly. He also did exercise such as jogging or playing soccer with his friends.

His weight is 38kg and his height is 135cm now. Ervan's appetite is very good because he always added his meal portion in afternoon and evening. Ervan rarely takes a nap because he has many activities at school.

Mental Condition

Ervan shows good progress because he does not disturb his friends, screaming or swearing anymore. He seems to be more relaxed and cheerful. He is more active in the evening and that causes him to sleep rather late than his supposed bedtime. During the past three months, he told the counselor about things that he dislikes and those make him sad. He started to obey the rules in the foundation.

Social Interaction

During the past three months, Ervan's interaction is good. He is able to interact well with his peers and smaller friends. He does not disturb his friends and he would chose to stay away from his friends who tease him. His interaction with the staff is good, he often helps the Cook in the kitchen and helps to clean the yard. He also gives a hand to the counselor who needs his help in shelter.

Educational Development

Ervan's learning motivation is changing during the past three months. Sometimes he is looking for reasons to skip the school, but most of the time he goes to school on time. Ervan passed the semester exam and he will move to grade 5 in the next semester.

Family
