### **Physical Condition**

Sapiudin or Safii's physical condition has been good and he has been healthy for the last three months because he diligently maintains his health by doing sport such as soccer and he also maintains the cleanliness of his body by taking shower regularly every day.

Safii eats big enough portions every day but during the last three months, he is often late taking his lunch and dinner because he came back late from after-school activities.

On 23<sup>rd</sup> of September, Safii had to take anthelmintic drugs to destroy parasitic worms. This program is held routinely once a year to all the children in the foundation.

### **Mental Condition**

Safii's mood has been stable during the past three months. He has always been cheerful and looks happy when playing with his friends. He is able to control his emotions well when running out his daily activities in the foundation, such as directing the smaller children to do their activities. He has become a role model for the other children in the shelter because he diligently helps the counselor and always obeys the rules of the foundation.

### **Social Interaction**

Safii has had good social interaction with his friends and has been able to adjust himself when playing with the younger children and his peers. He always shows his politeness to older people in the foundation such as members of staff and volunteers.

His friends at school often come to the foundation to play or study with him. Safii is quite popular among his school friends because he's smart and friendly.

On 2 September 2015, Safii went on a recreational trip to Kuta beach in Central Lombok and he followed the football competition with his group held by the founder of the foundation. They won the 4<sup>th</sup> place.

### **Educational Development**

Safii's educational development has been very good because he diligently studies at school and at the foundation. He has a good motivation to study. He said that he likes all the subjects at school especially Practical Learning in Automotive.

He did not join the extracurricular at school because his schedule is already full. In the foundation, he attends the English class, Music class and for the last two weeks, he also joined a Photography class taught by the volunteers. He eagerly follows this class because he wants to learn how to take pictures beautifully.

### **Family**

Safii keeps in touch with his family during the past three months. He often visits his family after getting permission from the counselor.

In July, he went home and spent his ten-day holiday with his family. He also celebrated the Eid Mubarak with his family at home.
