Hamdi often plays soccer and swimming in the weekends. He also diligently takes shower and brushes his teeth every day.

On 3<sup>rd</sup> October, Hamdi had dental check up from Dutch dentists and he had no problem with his teeth.

### Mental Condition

Hamdi is an active boy especially when doing activities with his friends. However, he sometimes looks less motivated when doing his chores in the shelter because he often delays them until the counsellor reprimands him. Nevertheless, Hamdi obeys the rules in the foundation.

### Social Interaction

Hamdi has a good interaction with his friends; he is active and communicative when doing activities with his friends. They often play marbles, swimming or watching TV together in shelter. Sometimes he is a bit nosy to his friends and the counsellor always advises him about it.

On 29 November, Hamdi had a recreational trip to Selong Belanak beach with all of his friends, counsellor and the founder of Peduli Anak. He enjoyed his holiday by swimming and playing at the beach with his friends.

### **Educational Development**

Hamdi's learning motivation is still the same from previous months. He would study at shelter after being asked by the counsellor. According to his teacher, Hamdi sometimes loses focus and daydreams in class.

Hamdi still finds Mathematics difficult and he said that it makes him confuse when his teacher gave him assignment. He likes Science and he is really enthusiastic to study about nature, earth and the solar system.

On 7<sup>th</sup> December, he passed the first semester exam for a week and received his report card. His scores are good except in Civics.

Hamdi joins Art class every Tuesday and he is really good in combining the colors when coloring a picture.

### **Family**

During the past three months, Hamdi didn't get a visit from his family at the foundation. But on 3<sup>rd</sup> December, he went home and spent his school holiday at home with his family.
