

What happened in Peduli Anak?

Time goes by so fast, because so many special things happened in the last three months! First of all, we celebrated our 10th year Anniversary in the beginning of February. Second we celebrated our 'A' status from the Indonesian Government. We also welcomed one hardworking Intern from the Netherlands and many volunteers from China and Malaysia.

Peduli Anak 10 years

On the 8th of February we celebrated our 10th Anniversary. Peduli Anak has been able to improve the lives of many disadvantaged children and we work hard to continue our work. We celebrated this day with a big bazaar and of course Traditional Indonesian Makanan (food!). We also realized this day how grateful we are with your help. Your support helps us to fulfill many dreams! Read more [here](#).

"Accreditation A"

On the 8th of March we got very special news from the Indonesian Government. Peduli Anak received a grade A accreditation, which is the highest possible a foundation can get! We are also the only organization in the West Nusa Tenggara province to receive this highest recognition. We are very proud of this result! Read more [here](#).

Experience from an intern at Peduli Anak

Hello! My name is Yvette and I'm a student from the Netherlands. I am working at Peduli Anak for four months, as an intern for my bachelor Social Work. I have been in Peduli Anak for one month and so far I love it here! Peduli Anak is a great organization, with all amazing kids and staff. Even though there are so many children, every child gets the attention he or she needs. I feel very honored to be part of this.

Every morning I teach two children in the kindergarten. They are 4 and 7 years old and we teach them things like reading, writing, drawing and we even sing together sometimes. My favorite lesson is to teach the children how to swim. Moreover, I started a weekly girls club and a photography course. It's great to share my passion for photography with the children.

On the 28th of February I had a very special day. Seven villages were participating in a traditional event and they asked Peduli Anak to join as well (see picture). Are you curious about why I am all dressed up? Find out [here](#).

Volunteers from China and Malaysia

In February and March there are many volunteers from China and Malaysia. The volunteers help the teachers in classes like Math, Art and English. The Chinese volunteers also teach the children to speak Mandarin, some can even count to 10 in Mandarin! Moreover, the Malaysian students also prepared a very special lesson about 'personal hygiene'. The children enjoyed this lesson, especially the part of brushing teeth together!

National Exam

At the moment we have 3 children who will take the National Exam this month. The National Exam is the last part of the Senior High School. During a period of 3 weeks, the children will have 3 exams (Practice Exam, School Exams and national exam). After the National Exam some children will continue to University, other will take trainings at Vocational Training Center for few months and look for a job after. We wish the children all the best for their exam and future! Curious about the last updates regarding the exams or you want to wish the children good luck? Please **contact us**.

Contact with the children?

There are some ways for you to contact the children. For example, you can send a letter to our foundation or write us a **message**.

What to write?

Our children are very excited to learn about you and your world! Share about your family members, friends, and simple things you enjoy doing. Photos of you and your family will be treasured!

Cup of coffee?

If you have the time and opportunity, it would be great to visit Peduli Anak. Please **contact us** if you have plans to visit Lombok soon.

We are looking for more partners!

The Peduli Anak family is growing and we are always looking for new partners. Please **contact us** for all possible partnerships.

Don't forget to spread the word about Peduli Anak!
