Mentor	Tri Maliah Atika, S.Pd
Evaluation Time	April – June 2015
Class	7 Junior High School
Child ID	PA-A0097

Physical Condition

Sapnah's physical condition was good and she was never sick during the last 3 months. Her weight and height remained the same as previous period. Her appetite was good and she always had healthy food three times a day in the foundation.

Mental Condition

Sapnah's mental condition was very good and stable during the past three months because she was able to control her emotion well when playing with her friends. Sapnah is a nice and obedient girl. She always listened to the counselor and she never broke the rules in the foundation. Sapnah also often went to the counselor when she had problems and asked for their advice.

Social Interaction

Sapnah's social interaction was good during the last three months. She is a shy girl, but she interacts well with her friends, staff and volunteers. In May, she also went recreation to Selong Belanak beach with all of her friends, staff and the founder of Peduli Anak. She enjoyed her time walking along the beach with her friends.

Educational Development

Sapnah's educational development was good because she has a good motivation to study at school. She also never missed the class during the past three months. She passed the semester exam and ranked 3rd in her class. She will enter the 8 grade in next semester. Sapnah also joins sports in her extracurricula activity at school. While in the foundation, she attends the Art class and Girls club. In Art class, she made crafts like bags, bracelets, brooch etc.

Family

Sapnah often got a visit from her family. She said that she was happy when they came because she missed them.
