Physical Condition

During the past three months, Arman has not been sick. His appetite is good and he always eats enough and is not picky about food.

To maintain his health, he exercises regularly such as playing soccer and swimming with his other friends. Besides that, he often takes a nap after school in the afternoon and sleeps on time at night.

On 14th of September, Arman got vaccinated for hepatitis B. On 23rd of September, he had to take anthelmintic drugs to destroy parasitic worms. This program is held routinely once a year to all the children in the foundation.

Mental Condition

During the past three months, Arman was able to control his emotions well and he was patient when dealing with his friends. He is a cheerful boy and always active when playing with his friends. He is obedient in following the rules of the foundation and easily directed when running out the daily chores.

Social Interaction

Arman's social interaction is good with his friends. He is usually enthusiastic when playing with his friends and he never had problems with them. Arman is also nice and polite when talking to the counselor, staff and volunteers, though sometimes he is shy when older people are talking to him.

Arman went on a recreational trip to Kuta beach with all of his friends, the staff and the founder of the foundation. He enjoyed his time by playing and swimming with his friends at the beach.

Educational Development

Arman's educational development has been good because he is able to read and write well. He is a smart boy. His learning motivation is also good at school. He likes all the subjects especially Mathematics, he got good score on it. Sometimes he has difficulties in Indonesian language but he keeps on studying to understand it more.

Family

During the past three months, Arman has not had a visit from his family at the foundation. But he went home to spend his holiday for ten days and he also celebrated the Eid Mubarak with his family at home.
