

Peduli Anak Foundation
Counselor's Quarterly Report

Name	Rendi Sayyidina
Place & Date of Birth	Menjeli, 23 October 2004
Mentor	Turmuzi S.Pd
Evaluation Time	July - September 2015
Class	4 Primary School
Child ID	PA-A0120

Physical Condition

Generally Rendi has been healthy during the past three months, but Rendi often got small scars on in arms and feet from falling when playing with his friends. The counsellor took him to Peduli Anak clinic and treated his wounds.

His appetite has been good and he usually adds to his portions when eating so he's gained weight from 25kgs to 27 kg and he is 75 cm high.

Rendi takes a good care of the cleanliness of his body and clothes. He diligently takes showers and washes his own clothes. He also always looks neat and clean. Although he is only 11 years old, Rendi is also concerned about his appearance, he never forgets to use pomade for his hair and lotion after showering.

On 23rd of September, Rendi had to take anthelmintic drugs to destroy parasitic worms. This program is held routinely once a year to all the children in the foundation.

Mental Condition

Rendi's mood has been stable during the past three months. He has been cheerful and nice to the counselors and other members of staff. He is also easily directed by the counselor and always obeys the rules of the foundation.

Social Interaction

Rendi's social interaction with his friends and older people in Peduli Anak is good. He said that he's happy to help out the counselor and staff in the kitchen and around the foundation. During the past three months, he has looked close to his female friends. But he almost never talked with the volunteers because he is shy.

On 6th September, Rendi went on a recreational trip to Kuta beach in Central Lombok. He

looked happy when playing and swimming with his friends at the beach. He also followed the soccer competition held by the founder of the foundation.

Educational Development

Rendi studies actively in the classroom and has a good motivation to study. Rendi still found difficulty in Mathematics especially in multiplication because it is a little bit hard for him to memorize the multiplication chart, but he still gets assisted to study Math in shelter.

Family

During the past three months, Rendi's family visited him once at the foundation. He celebrated the Eid Mubarak with his family and spent his ten-day holiday at his aunt's house.
