Physical Condition

Pandi's physical condition has not changed much from before, his weight is 36kg and he is 145cm high. He doesn't get sick because he exercises regularly, such as jogging and playing soccer.

His appetite is good and he often adds to his portion especially when there is his favourite food such as Chicken and Satay.

Pandi still needs reminder to take a shower otherwise he would forget.

On 23rd of September, Pandi was given anthelmintic drugs to destroy parasitic worms. This program is held routinely once a year to all the children in the foundation.

Mental Condition

During the past three months, Pandi's behaviour has changed to much better than previous months because he has been able to control his emotions well, and did not shout when his friends disturb him, or did not show his anger when he did not get what he wanted.

He has a good motivation to do his activities in the shelter and he obeys the rules of the foundation.

Social Interaction

Pandi has a good relationship with his friends and they often spend time together by playing or watching TV in the shelter. He also communicates well with the counsellor because he often vents his feelings to his mentor. While he often helps out other members of staff in cleaning the yard of the foundation.

On 6th of September, Pandi went on a recreational trip to Kuta beach, Lombok with all of his friends, the counsellors and the founder of the foundation. He enjoyed his activities on the beach, such as playing and swimming with his friends.

Educational Development

During the past three months, Pandi has been willing to study in shelter only when he has homework. At school, according to his homeroom teacher, Pandi is a slow learner and is often left behind in his studies. Sometimes he studies the basic material with grade 1 to increase his understanding.

Pandi joins the Traditional Music class every Tuesday and Thursday, but he still has not found the instrument that fits him yet. For now he is learning all the music instruments until he finds one that fits him.

Family

Pandi went home for ten days, to celebrate the Eid Mubarak together with his family. He also helped his aunt and played with his friends.

In the foundation, his family did not come for a visit but they often communicated with them through the phone.
