Physical Condition

Salman's physical condition is good and he never got sick in the past three months. He can take care of himself by cleaning his body, taking shower and brushing his teeth. He also has a good appetite and always takes extra portion. Salman always takes good initiatives to keep his body healthy.

Mental Condition

His mental condition is still the same. Salman sometimes acts rather childish. He is still cheerful as he plays with his friends and he is able to control his emotion very well. He is easy to be directed and obedient to the rules in the foundation.

Social Interaction

Salman's social interactions are good with his friends. He easily gets along with his friends in shelter 3 since he moved there. Salman is nice and friendly with everyone. He also often helps the staff in their daily tasks.

Educational Development

Salman's educational development is going very good at school. He passed the semester exam and got nice scores in all the subjects. He is very motivated and talented and uses his free time to study in the shelter. He will enter the 8th grade next semester. Salman doesn't have any problem to interact with his friends and the teachers at school.

Family

Salman's sister often pays a visit. On her last visit, she brought him his favourite snacks and he was very happy about it.
