Evaluation Time	October-December 2015
Class	6 Primary School
Child ID	PA-A0126

Physical Condition

Alpiandi's physical condition is good in the past three months. His weight is still like previous months, 41kg and he is 150 cm tall. His appetite is good and he eats in enough portions.

He diligently takes regular shower and washes his own clothes. He cares about his appearance, he always puts pomade on his hair so it always looks neat.

On 3 October, he has dental check up with the Dutch dentists and he does not have problem because his teeth are clean and healthy.

Mental Condition

Alpiandi's mental condition is slightly different from previous months. He seems less enthusiastic when running out his daily activities in shelter and at school. He also has difficulty to control his emotion and got in quarrel with his friends. This is probably because he enters puberty. Nevertheless, he obeys the rules in the foundation.

Social Interaction

Alpiandi's social interaction was not really good with his friends because he sometimes quarrels with them and his friends did not want to play with him. He also rarely helps the counsellor in the shelter.

On 13 October, Alpiandi attended a seminar, held by the National Drug Agency of West Nusa Tenggara, about the healthy lifestyle and the dangerous of Drugs.

On 29 November, Alpiandi had a recreational trip to Selong Belanak beach with all of his friends, counselor and the founder of Peduli Anak.

Educational Development

Alpiandi's is still developing an effective study habit. He still needs to be reminded to study and do his homework. In December, he passed the semester exam and he received his report card.

Alpiandi joins the Traditional Music class twice a week on Tuesdays and on Thursdays.

Family

During the past three months, Alpiandi got visit from his family twice at the foundation.

He also spent his holiday at home for a week.
