Physical Condition

Irwandi once got an infection on his feet and the counselor took him to the Clinic. He got a treatment and within a few days the infection healed.

Irwandi eats enough everyday and his appetite is good. His weight is 50kg and he is 160cm tall. Irwandi cares about his hygiene and takes a shower every day. He doesn't really care about his appearance. He often wears the same trousers for playing football and going to school. Therefore, we bought him a new pair so he looks neater. Irwandi often plays soccer in the late afternoons.

On the 3rd of October, he had a dental check up, which was provided by a Dutch Dentist, and there was no problem with his teeth. The dentist only cleaned his teeth.

Mental Condition

During the past three months, Irwandi's mental condition has been good. He is always cheerful when he does his daily activities. However, he spends more time alone than with his friends. He always obeys the rules of the foundation. Irwandi often shares his feelings with his mentor and gets really enthusiastic when he talks about his desire to continue studying after he finishes Junior High School.

Social Interaction

Irwandi's social interaction has not changed, considering the previous months. He plays with his older and smaller friends. He did not communicate a lot with the staff of Peduli Anak, except to his mentor. He has many friends at school and they often invite him to play at their

home.

On 13 October, Irwandi attended a seminar held by the National Drug Agency of West Nusa Tenggara about a healthy lifestyle and the dangers of Drugs.

On 29 November, Irwandi joined the recreational trip to Selong Belanak beach. All staff, counselors, friends and the founder of Peduli Anak joined the trip. He enjoyed his holiday a lot by swimming and playing with his friends at the beach.

Educational Development

Irwandi diligently goes to school and always looks neat every day. He just passed the semester exam and received his report card. His scores passed the standard, but his rank is not in the top ten of his class. According the report from his teacher, Irwandi missed several classes for the past six months.

Irwandi likes all the subjects at school, but he did not follow any extracurricular activities. This is because he is already in grade 9 and the teacher asked him to focus on his study so that he can prepare for the National Exam next semester. In the foundation, he still joins English class, which is taught by volunteers twice a week. He is also active in Music class as a drummer.

His interaction at school was good and he has a lot of friends, both male and female. They often go and come back from school together. He is also often invited by his friends to play at their home. His interaction with the teachers was good.

Family

Over the last three months, Irwandi never got a visit from his family at the foundation. However, he went home during holiday for a week to spend time with his family.
