Physical Condition

Sapiudin's or Safii's weight is still like previous months. He ate in enough portions and never added his portion when eating. For the last three months, he was busy at school so he often came back late at the foundation. He sometimes missed lunch therefore he often complained about stomachache. The counselors always gave him medicine for that.

He never had problem in sleeping at night.

Mental Condition

Safii would be easily upset when he feels tired and he would get better after rest. He is open when telling about family's condition to the counselor and he looked happy when get permission to visit his family.

Social Interaction

Safii always obeys the rules in the foundation. Safii often helps the counselor to direct his smaller friends. He has good interaction with his friends and older people. He often helps the staff in the kitchen to prepare lunch in the weekends.

He is an obedient boy and never made problem in the foundation. Safii often plays soccer with his friends in the late afternoon. He is also polite with older people. His interaction with his friends outside the foundation is also good. His friends often come to the foundation to play or study with him.

Educational Development

Safii's educational development is very good at school. According to his teacher, Safii got satisfying results because his learning motivation is good and he is very focused on his study. He likes Mathematics and entrepreneurship. He still has difficulty when studying Physics and Chemistry, but he still tries to learn them more. Safii will continue to the final year of high school next semester.

Safii joins Scout as his extracurricular activity at school and he joins music class in the foundation as a bassist.

Family

As he is about finishing his school next year and graduates from Peduli Anak, he shares his time between his family home and Peduli Anak. When his mother was sick, he also went home and took his mother to the Clinic.

Additional Information

Safii is a junior counselor in the shelter. He helps supervising the younger children and carrying out the daily routines around the shelter.
