

**Peduli Anak Foundation**  
**School Progress Report**

<b>Name</b>	Oki Saputra
<b>Date and place of birth</b>	Sesela, 28 October 1996
<b>Mentor</b>	Amiruddin S.Sos.I
<b>Academic year</b>	Semester 1 - 2015/2016
<b>Class</b>	10 Senior High School (Nursing)

**Mentor's Remarks:**

Oki enters his new school in Senior High School in this semester and he takes Nursing as his major. He learns how to measure the blood pressure as the basic skill. Oki has a really good motivation to study. He diligently studies in his spare time and works on his assignments given by his teacher because he wants to be a Nurse in the future. He also never hesitates to ask for help from his senior when he has difficulties in his study.

Oki likes all subjects, but English is his favorite one. In this first semester, he felt a little bit disappointed because he got 2<sup>nd</sup> rank in his class while he wanted to be the first. He said that he will study harder to get the first rank next semester. Oki also joins extracurricular activities such as Flag Raisers and Karate at his school.

Oki has a good interaction with his friends at school. He and his friends always go to school together every morning. Oki is a friendly boy and always polite when he talks to his friends or teachers at school.
