Ibrahim likes all the subjects especially Mathematics because he likes counting and working in Math tasks. According to him, all the subjects are important and he enjoys learning all of them although at first he has problem in subjects with a lot of reading. But since he is always trying and never gives up, it is not problem anymore.

Ibrahim did not join any Extracurricular activity at school because he wants to focus on his subjects. He always actively attends the English class in every Monday and Thursday taught by volunteer in the foundation.

Ibrahim's social interaction is good at school. Sometimes his schoolmates come to the foundation to play with him. His interaction is also good with teachers at school and he's never had any problem because he is an obedient boy.
