Physical Condition

During the past three months, Putra had a fever in July and the counsellor gave him medicine and he soon recovered. In August, he also got mumps or parotitis that caused a fever and the counsellor took him to the Clinic nearby the foundation and he got treatment there. Putra made a full recovery in a few days.

His appetite has been good and he eats enough portions. His weight is 13kgs and height 100cm. Putra still needs to be reminded to take a shower. On the 23rd of September, he had to take anthelmintic drugs to destroy parasitic worms. This program is held routinely once a year to all the children in the foundation.

Mental Condition

Putra is more cheerful now and he doesn't cry a lot like in previous months. He is active in the mornings and he usually takes a nap in the afternoon. Putra carries out his daily chores in the shelter and always obeys the rules of the foundation.

Social Interaction

Putra has got new friend, Reza and he often spends time with him because they also attend the same class at school. His relationship with the counselors, other members of staff and teachers are good.

On the 6th of September, he went on a recreational trip to Kuta beach with all of his friends and staff. He was happy swimming and playing with his friends.

Educational Development

Putra starts primary school in July 2015. Putra is really happy to do something new and gets along with his new friends at school. Putra is also a fast learner and he is quite prominent in the classroom. He already masters the alphabets and simple math calculation. Putra is a smart kid and really enthusiastic about working on his tasks and homework.

Family

In the past three months, his mother visited him when he was sick. He looked happy when she came. He spent his ten-day holiday and Eid Mubarak at home with his family. He was happy to be with them.
