For the last three months, Arman often got nosebleed but the counsellor immediately gave him treatment and it stopped. His appetite is good and he eats a lot every day. Arman takes care of his body by showering and brushing his teeth regularly. Arman likes playing football with his friends and he looks healthy and happy most of the time. He takes a nap in the afternoon after school.

Mental Condition

Arman's mental condition has been good for the last three months. Although he is a shy boy, he was able to control his emotion and has always yielded when his friends tried to get into trouble with him. He plays fairly with his friends. He has been obedient to the rules of the foundation.

Social Interaction

Arman's social interaction with his friends is good. He is enthusiastic when he plays with his friends and he's never got problem with them. He's polite when dealing with older people such as counselors, staff and volunteers. But sometimes he also looks shy when people talk to him.

Arman went on a recreation to Selong Belanak beach with his friends and staff of the foundation. He enjoyed this activity with his friends.

Educational Development

Arman's educational development this semester is good. Although he sits in 1st grade, he is a smart student because he already can write and read.

Arman's learning motivation at school remains high and he always looks enthusiastic when learning with his friends in class. He likes every subject, especially Mathematics. He got 2nd ranked in his class and will sit in grade 2 next semester.

Religion

Arman prays very diligently and recites the Koran at the mosque. Arman often stands in the first line when praying in congregation. Arman's development in reciting the Koran has been good. His level indeed already moved from basic Koran to real Koran. He also learned to fast in Ramadan month and diligently did the sunnah prayers at night.

Family

For the last three months, Arman has never got a visit from any member of his family. However, he regularly called them.
