

Peduli Anak Foundation
Counselor's Quarterly Report

Name	Aji Wahid
Date and Place of Birth	Puyung, 31 December 2000
Mentor	Khaerul Anwar
Evaluation Time	April - June 2015
Class	8 Junior High School
Child ID	PA-A0064

Physical Condition

Aji's physical condition has been good during the past three months and he has not been sick. Aji diligently exercises and maintains his own cleanliness well. He takes showers and brushes his teeth regularly. His weight is 46kg and his height is 160cm. Aji still needs encouragement to not to sleep late at night.

Mental Condition

Aji is more active in the morning and usually he's in good mood during day time. He's in his puberty and begins to pay special attention on girls. According to him, he likes one of the girls in the Girl shelter.

Social Interaction

Aji is a friendly boy. He gets along well with his peers. He often plays soccer or does other activities with his friends from morning to evening.

His interaction is good with older people in the foundation such as counselors and other members of staff. He is always ready to help the counselor who needs him in the shelter.

Educational Development

Aji passed the semester exam and he got nice scores for all the subjects. He has good motivation to study at school and often studies at the shelter. He also never hesitates to ask someone else when he doesn't understand something about the material. Aji has no problems

with his friends or teachers at school.

Family

Aji went home once because his mother was sick.
