### Physical Condition

Wulan had an itch on her hands and feet, which caused her sleepless nights and she often scratched her skin at school. The counsellor brought her to the hospital and the doctor said that she got egg and fish allergies. Doctor gave her antiseptic soap and powder to put on her skin after the shower, now she is healthy again.

Wulan's weight is 20kgs and her height is 121cm. Her appetite has been good and she always eats enough portions every day.

Wulan still needs to be reminded to take a shower and still needs help dressing well, especially when going to school.

On the 23<sup>rd</sup> of September, she also had to take anthelmintic drugs to destroy parasitic worms. This program is held routinely once a year to all the children in the foundation.

### Mental Condition

Wulan's mood is generally stable especially in the afternoon when she plays with her friends. She can also control her emotion better now because she no longer shouts when she's angry. Sometimes she said that she missed her mother and when that happened, she would stay in her room alone.

### Social Interaction

Wulan's interaction has been good with her friends. She has a close friend, Lasmin and they often spend time together. She is polite towards the older children, the counselor and other staff members. She often helps the counsellor in the shelter. At school, she always listens to her teacher.

On 6th September, Wulan went to Kuta beach in Central Lombok with all of her friends, the counselors and the founder of the foundation. She enjoyed her time there by playing and swimming with her friends.

On the National Children's Day, Wulan joined the Coloring competition with all the children from schools throughout Lombok. Although she did not win, she was happy to participate.

### **Educational Development**

Wulan has a good motivation to study at school and in the shelter. She does not have to be reminded by the counselor to study in the shelter. She is a smart girl and she usually gets good scores in all of the subjects. She is always enthusiastic in working on the assignments and she said that she likes all the subjects at school.

After school, Wulan takes part in Art class. She likes drawing and colouring, she is learning to combine colors for better results.

### **Family**

In the past three months, Wulan only got a visit from her uncle and aunt. While she only communicated with her mother through phone.
