Physical Condition

Hadi diligently maintain the cleanliness of his body well by taking shower and brushing his teeth regularly, he also did sports. During the past three months, he complained about stomachache several times because he took a nap after school and then he was late in having his lunch. He got treatment directly from the counselor. Hadi ate in enough portions when eating. After moving to shelter 3 for teenage boys, Hadi was not really active in the afternoon because he often took a nap, and he also slept on time at night. Hadi's weight is 45kg and his height is 155cm now.

Mental Condition

For the past three months, Hadi looked quieter and rarely played jokes. After moving to shelter 3, his mood was stable and he was able to control his emotion. He looked shy especially when he missed the afternoon prayer because he fell asleep. But, generally he obeyed to the rules well in the foundation.

Social Interaction

Hadi has a good interaction with his friends in shelter 3. Hadi never made problems with them. He played with his friends from evening to night. Hadi often helps his friends or the counselor to clean the shelter out of his schedule. He has no problem with staff in the foundation.

Educational Development

Hadi's educational development was good. He diligently went to school and never missed the class. Hadi passed the semester exam well and he will enter 8 grade in next semester. His motivation was good and he was active in his class. While in the foundation he joins the English class in evening taught by volunteer. Hadi likes Science and he is really enthusiastic in following this subject in class. His least favorite subject is Mathematics because he is weak in memorizing the formula. He interacted well with his friends and teacher at school, he never made problem with them.

Family

Hadi's family only came once for a visit in the foundation.
