Physical Condition

Wisa K. Taufik or Opik's physical condition was good though he had fever once and the counselor quickly gave him medicine to decrease his fever, now he is healthy. He has a good appetite and always eats a healthy food three times a day, he is not picky about food. His weight is 30kgs and 130 high.

Opik started easily directed to taking shower regularly, he also always brushed his teeth after eating. Opik also often jogging and swimming at the foundation. He often takes a nap especially when he has no activity in the afternoon. He always sleeps on time at night.

On 23rd of September, Opik had to take anthelmintic drugs to destroy parasitic worms. This program is held regularly once a year to all the children in the foundation.

Mental Condition

Opik's mental condition was good and he was able to control his emotion well. He smiles easily to everyone and is always polite to people in the foundation.

Social Interaction

Opik has a good interaction with his friends and they often make toys because he is quite a creative boy. He also has a good interaction with the counselor and other staffs, he often help the staff that needs his help. He also friendly to volunteers and often play with them.

Opik went recreation to Kuta beach with all of his friends, staff and the founder. He enjoyed his time at the beach.

Educational Development

Opik diligently goes to school every day. He also has a good motivation to study at school. But he found difficulty in mathematics so he needs to study more to understand it more. He has a good interaction at school; he is polite and nice so the teachers like him.

Opik joins Art class taught by counselor and volunteers once a week. He can make bracelet and other simple creations.

Family

Opik's Family often visited him at Peduli Anak during the past three months. He also went home and spent his school holiday for ten days with his family.
